

Wirral Joint Strategic Needs Assessment Bulletin

June 2013 - Special Edition

Dear Toni,

**Wirral's Joint Strategic Needs Assessment (JSNA):
2013 key health & wellbeing issues survey**

I would be very grateful if you could complete this year's [survey](#)...

Our Joint Strategic Needs Assessment (JSNA) provides Wirral Health & Wellbeing Board members with details of local health and wellbeing issues.

This information enables them to consider and review local outcomes, decide local priorities and guide their collective work...[and this can be seen in Wirral's first Joint Health & Wellbeing Strategy.](#)

By completing this survey you will help us to understand how the JSNA and its key issues reflect what you know and believe, how we can improve the JSNA process and in turn help keep the Health and Wellbeing Board informed...

Your link to the survey is [here](#)

You may need to have a little look at the following documents and website to help you complete the survey...

- Read and consider the [Key Issues summary document](#)
(We would recommend reading this document prior to, or in conjunction with, the completion of the survey)

Also if you can ...

- Visit the [JSNA website](#) where the fuller content can be accessed
- Browse [Wirral's first Health & Wellbeing Strategy](#) to see how the current priorities were decided upon and the detailed actions to follow

Apologies if you receive this information more than once through other routes, this may happen as we continue to try and include more people in the survey... and please do feel free to forward this onto your friends, family and networks so they can add their responses...

Thank you for your continued help and support....

Best wishes,
John Highton
Wirral JSNA Programme Lead
